Advertising Statements

Advertising for tourism purposes or political statements are not permitted. Information material and advertising brochures may not be distributed or exhibited outside your own stand.

AI Mobility Lab

Located in the established Public Transport segment, the AI Mobility Lab will take place in hall 7.1a for the first time this year. Over 40 exhibitors will be presenting their innovations in the fields of artificial intelligence, cyber security, data protection and robotics. The exhibition will be accompanied by 30-minute presentations in the AI Mobility Corner - where exhibitors will have the exclusive opportunity to present their services and products live and up close to a wide audience in an informal atmosphere.

AI Mobility Tours

AI Mobility Tours will be taking place for the first time at InnoTrans 2024.

The tours will be offered twice a day at InnoTrans 2024, comprise eight stations and last around 90 minutes. Foreign-language trade visitors or journalists will be equipped with a headset for simultaneous translation into English.

Arrival and Departure

If you are traveling by public transport, please use the "Messe Süd" S-Bahn station to get to the South Entrance, hub27, Entrance Hall 7 and CityCube Berlin. The quickest way to get to the North and East entrances is from the "Messe Nord/ICC" S-Bahn station and the "Kaiserdamm" U-Bahn station. For the entrances to Hall 9, the S-Bahn station "Westkreuz" is the quickest way to get there. During the trade fair, the exhibitor pass and the trade visitor pass entitle the holder to free use of public transport in Berlin in the ABC fare zone.

From September 13, 2024 at 10:00 p.m. until November 8, 2024, there will be no S-Bahn service to BER Airport. During the construction work, BER Airport can be reached via the regional express lines FEX, RE8 and RB23. In addition, a replacement bus service will be set up to replace the affected S-Bahn lines. Messe Berlin offers a shuttle service to BER. You are welcome to use the mobility areas for bicycles, scooters, scooters (sharing offers, micromobility), suitable for two-wheelers, which can be booked via the Jelbi app, only in the marked areas.

Construction/Delivery – Dismantling/Collection

Please note our traffic concept. During the set-up and dismantling phase, only pre-registered vehicles may enter the exhibition grounds via LogPoints. From 08:00 a.m. - 02:00 p.m. on September 27, cars will only be allowed to enter the exhibition grounds via loading zone booking, from 04:00 p.m. - 08:00 p.m. no access, and from 08:00 p.m. - 00:00 a.m. only via loading zone booking. Do you have any questions?

Please contact traffic@messe-berlin.de or the service hotline on T: +49 30 3038 4888. If you have any questions regarding loading zone bookings, please call the service hotline on T: +49 30 3038 4334. You can find the loading zone booking here: <https://visifair-bookings.messe-berlin.de>

Commencement of construction:

17 September 2024 // 00:00 a.m. **(24 hours construction and entrance)**

Commencement of dismantling:

27 September 2024 // 04:00 p.m.

End of construction:

23 September 2024 // 03:00 p.m. (stand construction)

23 September 2024 // 06:00 p.m. (decoration)

End of dismantling:

02 October 2024 // 06:00 p.m.

Acceptance of construction work: 23 September 2024

Following informal registration at event-security@messe-berlin.de construction and dismantling can take place around the clock, i.e., 24 hours a day.

Access is permitted at all hours after booking of a loading zone, i.e., 24 hours a day, for the entire construction and dismantling period! From 06:00 p.m. on 23 September carpeting will be started. The passages must be free of empties and waste!

Please note the following special arrangement:

*Prior to InnoTrans, rail movements will take place to move track exhibits to their final positions, where they will remain during the open days for the public. From **20 to 22 September 2024**, it will not be possible to access those hall sides connecting directly to railway tracks (hall 1.2b, 2.2b, 3.2a and 4.2a) and deliveries can only be done through hall accesses/emergency exits from the back side of the halls. We therefore request that any delivery and collection of large and heavy exhibits takes place before or after these dates.*

To make sure your preparations run smoothly and without a hitch, we recommend: Avoid the usual rush and traffic congestion on the final day of construction by using the early period of construction (Tuesday, 17 September – Monday 23 September). Alternatively, obtain an exemption permit for the Sunday driving ban for heavy vehicles and affect your deliveries on Sunday. We offer a 24h construction and entrance on the exhibition grounds!

Convention

Over the years, the InnoTrans Convention has established itself as an international meeting place for top decision-makers from business, politics and transport. With top-class panel discussions and expert rounds on current and future-relevant mobility topics, the InnoTrans Convention is the platform for an exchange at eye level. Here, what will move us in the future is discussed on an international level. You can find more information on our website innotrans.com > [program](#) > [InnoTrans Convention](#) and in our Convention Guide (available at the trade fair).

Promoting young talents at InnoTrans at the InnoTrans Campus in hall 7.2c with the RecruitingLAB. The Career Point  identifies the exhibitors at InnoTrans who provide information about career opportunities outside the InnoTrans Campus. We will also be offering guided career tours several times a day. The Job Wall at the InnoTrans Campus and the Online Job Wall at InnoTrans Plus also offer the international job market and the latest vacancies at a glance. Experience the Eurailpress Career Boost on the Talent Stage. Find out more here in the A-Z under "Eurailpress Career Boost".

InnoTrans Plus Lounge

You can experience InnoTrans Plus in the Plus Café in hall 4.2, stand 230.

IPR protection

IPR protection is granted for designs and trademarks exhibited at InnoTrans 2024 in accordance with the stipulations of Section 15 paragraph 2 of the Designgesetz (DesignG, German Design Act), Section 6a paragraph 2 of the Gebrauchsmustergesetz (GebrMG, German Utility Model Act) und Section 35 paragraph 1 Nr. 2, paragraph 3 of the Markengesetz (MarkenG, German Trademark Act). If you wish to avail yourself of this protection, please let us know in advance and obtain an exhibition certificate from Messe Berlin for presentation at the Patent Office. These certificates are available at the fair management. All the necessary information can also be found on our website www.innotrans.com at Exhibit → Exhibition Planning → IPR Protection.

K

Katwarn

As the first trade fair company in Germany to offer this service, Messe Berlin provides the free app KATWARN (iOS, Android, Windows) to warn about incidents on the exhibition grounds, from traffic reports to severe weather warnings and security-related activities. It also suggests appropriate courses of action. Users of this app can access this information from Messe Berlin by logging on to www.katwarn.de.

L

Logistic Concept

The traffic concept enables on-time access to the exhibition grounds. To access to the exhibition grounds, all delivery traffic must book a time slot online in advance and report to the **LogPoint Selchow 2 - 3 hours** before access on September, 16. Entry is now possible throughout the entire construction and dismantling period – 24 hours a day! Set-up and dismantling can also take place around the clock, after prior informal registration at traffic@messe-berlin.de. On September 23th entry 04:00 p.m. - 08:00 p.m. cars will not be allowed to enter the site. A free bus shuttle will be provided from the parking lot at the Olympic Stadium. Additional parking spaces will be available in the ICC parking garage during set-up and dismantling. You can book your time slot and loading zones for your deliveries by visiting www.innotrans.de/Ladezonenbuchung. For questions, please contact our service hotline at +49 30 3038 4334.

Entry on Monday, 23 September 2024 only for pre-registered vehicles up to 7.5t and only possible until 03:00 p.m.

Security/Hall Supervision

General supervision of the halls:

From: 17 September 2024 / 11.00 p.m.

Until: 01 October 2024 / 12.00 p.m.

Supervision on the outdoor display and track area:

From: 20 September 2024 / 10:00 p.m.

Until: 28 September 2024 / 07:00 a.m.

Attention! Regardless of the hall supervision you are advised to employ security staff to protect your own stand (order form from the BECO Webshop), because the hall supervision will not assume liability. In this regard we emphasize that protection should be provided for valuable items, especially during the construction and dismantling periods.
